BMX New Zealand sport shut down for COVID-19

BMX New Zealand would like to advise all clubs that all formalised activities at club level must now cease. It is no longer appropriate to gather in any form at local BMX facilities. This action is in place at least for the next four weeks and then until further notice.

As part of the Government's move of the national COVID-19 alert level to THREE immediately and then level FOUR in 48hrs, the regulations around these levels must adhere too.

This requirement covers all affiliated clubs & licenced riders

BMXNZ will continue to provide further updates as more information is available. Please contact BMXNZ if you have any questions or need assistance.

Regards

Dion Earnest

Executive Officer
BMX New Zealand
