This insurance is designed to cover cyclists while training for and/or participating in a UCI cycling event, as well as those participating in casual/leisure cycling overseas.

You should take out the insurance for the entire period of travel - from the date you leave NZ to the date of return. We recommend you do not take out the policy solely for the period of the cycle competition.

This product meets the UCI Cycling Regulations (1.1.022) for those training and participating in UCI race events to ensure appropriate coverage for overseas costs related to bodily injury (including loss of income) and third party liability claims.

- Expedition bicycle touring, leisure cycling

- Bicycles must be properly packaged for the trip (packed in a hard casing which provides adequate damage protection such as framing and/or foam lining)
- You must report any loss or theft to the police or responsible Public Transportation provider within 24 hours and provide AON with a written record prepared by the police or Public Transportation provider at the time the loss or theft is reported
