#### 4. Objectives

---

- 4.1 **Primary Objective:** to win the greatest number of medals possible at the 2026 Games.
- 4.2 **Secondary Objective:** to provide competition opportunities for riders who have the greatest potential to win medals at Benchmark and Pinnacle Events in the next three years.
- 4.3 **Performance Standards:** When assessing an athlete against the Objectives in cls 4.1 and 4.2, the Selectors must consider athlete performances during the Performance Window in Schedule 1, in the Event(s) for which athletes seek nomination. Weight will be given to athletes consistently meeting Performance Standards.

#### 5. Considerations

---

- 5.1 **Discretionary Considerations:** Selectors may also consider any other information they deem relevant when considering athlete performances during the Performance Window in Schedule 1, such as:
  - a. the ability to enhance another athlete's medal success at the 2026 Games in competition;
  - b. developing the potential of an athlete for the 2028 Los Angeles Olympic Games;
  - c. the conditions in which results and performances were obtained, including but not limited to, the nature of the velodrome, equipment used, environmental conditions, team composition, and level / field of competition;
  - d. athlete performances outside of events listed in Table 1, including in competition, training, or trials;
  - e. the ability to train and compete with others in Team Pursuit and Team Sprint;
  - f. the number and nature of Events an athlete may compete in at the 2026 Games;
  - g. an athlete's attendance, and conduct at past competitions, training sessions, training camps, testing sessions, assessments, and other events; and
  - h. an athlete's performance behaviours, including active engagement in individual performance planning (IPP) or similar process, attention to detail, and ability to perform under pressure.
- 5.2 **Relevance & Weight:** Selectors have absolute discretion to decide the relevance and weight of these Discretionary Considerations and any Extenuating Circumstances (see cl 6.1).
- 5.3 **No Obligation to Nominate:** Quota qualification by an athlete (or group of athletes) does not guarantee that athlete (or group of athletes) will be nominated or selected to compete in that Event at the 2026 Games.
- 5.4 **Multiple Events:** CNZ may nominate an athlete to compete in multiple Events for which New Zealand has a qualified Quota. CNZ may request, at the sole discretion and approval of the NZOC, that a Selected Athlete start another Event where space is available when doing so will not detract from the Event for which they were already selected.

- 5.5 **Minimum Standard:** Notwithstanding the Primary Objectives set out in cl 4.1, Selectors must be satisfied that each athlete (or a group of athletes for team Events) has demonstrated the capability to achieve a top 6 placing in Individual Event(s) or a top 3 placing in Team Event(s) at the 2026 Games.

## 6. Additional Considerations

---

- 6.1 **Extenuating Circumstances:** any athlete who considers an Extenuating Circumstance is relevant to their potential nomination must notify CNZ in writing as soon as possible after the Extenuating Circumstance arises. The Selectors may consider any notified Extenuating Circumstance in making their decisions, including injury or illness, equipment failure, bereavement or personal misfortune and/or any other factor that reasonably constitutes an Extenuating Circumstance.
- 6.2 **Medical Examination:** CNZ may request any athlete with an Extenuating Circumstance claim based on injury or illness to have a medical examination by a CNZ-nominated medical practitioner for an opinion and/or report both at the onset of the injury/illness and at any time thereafter. Failure to agree to such request may result in the Selectors not considering the injury or illness as an Extenuating Circumstance.
- 6.3 **Conditions:** any nomination or selection may be made subject to certain conditions being satisfied by a specified date before that athlete can be advanced to the next stage, including those noted below or any other Conditions specified by the NZOC:
- a. recovery from injury to the satisfaction of the NZOC, after consultation with CNZ;
  - b. qualification of a place for the 2026 Games under the UCI qualification system (by that athlete, or by another athlete if the place is transferable to a different Event);
  - c. meeting a specific performance or testing requirement;
  - d. selection as a Reserve who can replace another Selected Athlete in the event of injury, illness, or other Extenuating Circumstance, or because of the outcome of a nomination or selection appeal, arising after the Selection Date.
- 6.4 **Satisfying Conditions:** any Conditions must be met to the satisfaction of the NZOC, after consultation with CNZ, before that athlete's selection is made unconditional. If Conditions are not met, then the athlete will immediately cease to be a Selected Athlete upon being informed by NZOC that the Condition(s) was not satisfied.

## 7. Legal Rights and Responsibilities

---

- 7.1 **Requirements:** In addition to any requirements in the NZOC Team Agreement, every Selected Athlete must train and compete in events and competitions as directed by CNZ.
- 7.2 **Removal:** In addition to any procedure specified in the NZOC Team Agreement, any Selected Athlete who fails to meet, or no longer meets, the requirements of cl 3.1, 6.3 or 7.1 may, at the sole discretion of NZOC, be removed as a Selected Athlete at any time prior to the Final Confirmation Date. A removed athlete may be reinstated if the NZOC (in consultation with CNZ) considers the

athlete has met, to the satisfaction of the NZOC, those requirements or Conditions. In addition, any Selected Athlete may be removed by the NZOC, at its sole discretion, in accordance with the NZOC Team Agreement.

- 7.3 **Reserve Athletes:** The Selectors may nominate reserve athletes to the NZOC in the event a Selected Athlete withdraws or is removed by the NZOC.
- 7.4 **Appeals:** the NZOC Nomination and Selection Regulation sets out the grounds of appeal and procedure that applies to any appeal arising out of these Nomination Criteria, and there is no other right of appeal.
- 7.5 **Inconsistency with NZOC Nomination and Selection Regulation:** the NZOC Nomination and Selection Regulation and NZOC Selection Policy for the 2026 Games shall prevail in the event of any inconsistency between these documents and Nomination Criteria and/or Glasgow 2026 Para-Cycling Qualification System.

*\*For Scratch and Elimination and Women's Time Trial and Women's Individual Pursuit events where there is no time or points standard listed, only medal placings will be considered.*

*Time standards were produced by comparing Commonwealth Games (CG) results with corresponding World Championship (WCH) results from 2022, 2018, and 2014. For each timed event, the third-place time in qualifying was compared between CG and WCH to establish an average "scale factor" between the two for each event. This scale factor was then applied to the 2025 WCH performance standards to establish the 2026 CG Performance Standards. The 2026 CG Keirin Performance Standard was found by applying the scale factor between the standards for the 2025 WCH Sprint and Keirin, to the 2026 CG Sprint Performance Standard.*

Where an event has combined classifications and factored times are to be used at the 2026 Games: the above Para-cycling Track Performance Standards times will be combined and factored as per current UCI standard performance factor.

All tandem and individual pursuit races are stand-alone medal events. For these events, time standards are taken as the CNZ B standard for that event (an average of 4<sup>th</sup>-6<sup>th</sup> placings times inclusive across the last four World Championships). For the time trial events, classifications will be combined and factored. Time standards are taken as the equivalent CNZ B standard for the highest classification in that event, factored according to the latest UCI competition factors (e.g. time standards for the C1 and C2 1000m Time Trial are equivalent to the C3 1000m Time Trial CNZ B standard).
