## CRITERIUM NATIONAL CHAMPIONSHIPS

### 1. WELCOME

---

Welcome to the Vantage Criterium National Championships. On behalf of all officials and riders, I would like to thank you, the riders, for your support and the event team, volunteers and officials for the hard work they have put in to enable this event to be held. We would also like to recognise the support of the Christchurch City Council who have enabled elite level cycling back to the city.

This event is the 2021 New Zealand Criterium Championships, an event which is on the UCI Calendar. It is being held, as is usual, in the latter stages of 2020 in line with the UCI International Road Calendar.

We are delighted these Championships are taking place despite the challenges of Covid-19 and extremely pleased to see such strong support and participation for this event.

This event is able to be held in this amazing inner city environment with the support of the Christchurch City Council, and the local businesses and residents. We ask that you and your supporters recognise this and conduct yourselves in a professional and respectful manner at all times.

This manual provides useful information and general rules and procedures for all riders, team members and officials to ensure you have an enjoyable time at this event.

## CRITERIUM NATIONAL CHAMPIONSHIPS

### Golden Rules for Covid Alert Level 1

Please ensure that you and your supporters use the contact tracing available at the event and scan the event QR code.

- If you're sick, stay home. Please do not turn up at the event.
- If you have cold or flu symptoms call your doctor or Healthline and make sure you get tested.
- Wash your hands. Wash your hands. Wash your hands.
- Sneeze and cough into your elbow, and regularly disinfect shared surfaces.
- If you are told by health authorities to self-isolate you must do so immediately.
- If you're concerned about your wellbeing or have underlying health conditions, work with your GP to understand how best to stay healthy.
- Keep track of where you've been and who you've seen to help contact tracing if needed. Use the NZ COVID Tracer app as a handy way of doing this.
- It is still worthwhile to keep a safe distance from people you don't know while out and about. This will help to minimize the spread of Covid-19 if community transmission returns.
- Continuing good habits with face coverings will keep you and others safe, even at Alert Level 1 when it's no longer compulsory.
- People will have had different experiences over the last couple of months. Whatever you're feeling — it's okay. Be kind to others. Be kind to yourself.
