

Cycling New Zealand guidelines for resumption of cycling events and organised cycling activity

As at 9/6/2020

For the full government alert system guidelines please see [here](#). For the full Sport NZ guidelines please see [here](#).

Government Alert Level	ALERT LEVEL 1	ALERT LEVEL 2	ALERT LEVEL 3	ALERT LEVEL 4
General	<p>No restrictions for gatherings. Sport and Recreational activities resume.</p> <p>Organisers should continue to encourage people to practice good hygiene behaviours and to keep a record of where they have been, particularly through the NZ COVID Tracer App to support rapid contact tracing.</p> <p>We recommend organisers support and implement the 'Voluntary Code for Events' which follows best practice expectations, which are based on Ministry of Health guidance to reduce COVID-19 related risks. Click here to read the full code. https://www.majorevents.govt.nz/resource-bank/covid-19-advice-for-event-organisers/</p>	<p>The key message at this time is one of taking a considered and measured approach to the restart of your events and cycling activity. The ability to meet the government guidelines is not the only consideration to take into account prior to resuming our desired activities. There will be a natural desire to get back to racing, however we strongly encourage all clubs and organisers to thoroughly understand the guidelines and create their own detailed and robust plans before resuming. While some of us have a strong desire to resume as quickly as possible, others will be nervous and concerned about returning to these environments.</p> <p>From mid-day Friday 29 May, gatherings must be restricted to a maximum of 100 people initially (both indoor and outdoor facilities), this will be reviewed on 8 June. For sport and recreation, a gathering includes spectators, players, officials and support staff.</p> <p>People may participate in sport and physical activity where physical distance cannot be maintained however other public health measures be observed. Participants should maintain physical distancing when not participating in the sport or activity.</p> <p>There is no cap on the total number of people allowed to be present, as long as gathering groups can be kept below the government requirements, physically distanced and other public health measures can be managed safely. Click here for more guidance from Sport NZ.</p> <p>Any event or organised activity undertaken at this level by an affiliated club or centre of Cycling New Zealand that does not meet the government requirements or has not undertaken appropriate due diligence and risk mitigation may face disciplinary procedures from their member organisation and/or Cycling New Zealand which may include the withdrawal, suspension or termination of their affiliation, sanctions and/or penalties.</p>	<p>All sports and recreation gatherings cancelled and all public venues closed.</p> <p>Any event or organised activity undertaken at this level by an affiliated club or centre of Cycling New Zealand will face disciplinary procedures from their member organisation and/or Cycling New Zealand which may include the withdrawal, suspension or termination of their affiliation, sanctions and/or penalties.</p>	
For affiliated clubs covered under the Cycling New Zealand Liability Policy:	Any event or organised activity undertaken at this level will have coverage under the Cycling New Zealand Liability policy and will be subject to the standard terms & conditions of the policy.	Any event or organised activity undertaken at this level will only have coverage under the Cycling New Zealand Liability policy (subject to the standard terms & conditions of the policy) if all government guidelines and recommendations are followed and appropriate health and safety planning can be demonstrated.	No event or organised activity undertaken at this level will be covered by the Cycling New Zealand Liability Policy.	
Status of Cycling New Zealand Schools events	If approved by Schools Sport NZ, Cycling New Zealand Schools events are permitted.	If approved by Schools Sport NZ, Cycling New Zealand Schools events are permitted.	Cycling New Zealand Schools event are not permitted.	
Status of Cycling New Zealand National Championship events	Cycling New Zealand National Championship Events are permitted. Cycling New Zealand endorsed or sanctioned events are permitted if the government guidelines on gatherings and sport and recreation are met.	Cycling New Zealand endorsed or sanctioned events are not permitted.	

<p>Status and Guidelines to club and other event organisers</p>	<p>Other cycling events and organised activity permitted</p> <p>Event Organisers and Clubs are encouraged to participate in the Cycling New Zealand Event Certification Programme.</p> <p>See here for more on the Event Certification Programme.</p>	<p>Other cycling events and organised activity may be permitted if the government guidelines on gatherings and sport and recreation are met.</p> <p>In addition to the government guidelines, clubs and event organisers should consider the following prior to delivering a cycling event or activity at this level:</p> <p>NB: It is recognised that each event will have its own specific risks to identify and mitigate unique to their environment or situation. It is the event organisers' responsibility to ensure their health and safety practices and documentation accurately reflect the current environment which may include additional considerations to the list below.</p> <ul style="list-style-type: none"> •The health and safety of all those attending the event •Confirm they fall comfortably within the government guidelines on max numbers of attendees • Confirm how they will manage the government guidelines on max numbers of attendees • Confirm how they will meet government requirements for physical distancing (while not participating in the sport) •Confirm how they will meet the government requirements for contact tracing •Confirm that any competitive recognition or awards (regional or national titles, series points etc) are fair and does not disadvantage those unable to attend due to government restrictions • Confirm how will they prohibit participants who have COVID-19 symptoms or who need to be in Isolation/quarantine for any reason • Confirm they have received approval from their local council and any other appropriate stakeholders such as governing bodies, landowners, venues, DOC etc • Confirm they have secured essential services (i.e. first aid, traffic management) and the appropriate number of volunteers to safely deliver the event • Confirm their planning to communicate and manage basic hygiene at the event 	<p>Other cycling events or organised activity are not permitted.</p>
---	---	--	--

These are guidelines based on the government advice at this time and are provided to assist clubs and organisers to make decisions on their events. Cycling New Zealand recognise that each event may have additional risk factors and mitigation required to make a decision but will include the Alert Level at the time of decision, the likely Alert Level at the time of the proposed event and other risk factors on top of the those listed which may result in a decision to cancel or postpone regardless of the Alert Level guidelines.

Cycling New Zealand reserve the right to remove any endorsement or sanctioning if a change in Alert Level takes place that no longer permits the event to continue under these conditions.
